

OVERVIEW

Royal 9 is a baccarat progressive that pays when the banker or player hand contains a King, Queen, or Jack with a 9. Different variations of Royal 9s in the player or banker hands pay odds according to the posted payable. Standard baccarat rules apply.

PERSONAL KING 9

Each player spot will have a King 9 printed on the felt with different suit combinations. If the player or banker hand contains that specific King 9 suit combination, the bettor wins according to the posted payable.

ROYAL 9 PROGRESSIVE

- STAX**  • A Personal King 9 (player hand) vs. a Personal King 9 (banker hand) pays 100% of the main progressive jackpot.
- STAX**  • A personal King 9 in the banker hand only will pay the banker progressive jackpot.
- STAX**  • A personal King 9 in the player hand only will pay the player progressive jackpot.
