

Jack up your blackjack winnings with **JACK-A-TACK!**

Jack-A-Tack is an exciting blackjack side bet that offers players the opportunity to turn any 2-card 20 into a BONUS payout when their first two cards are:

Jacks, One-Eyed Jacks, or any total of 20!

HOW TO PLAY:

1. Make a standard blackjack wager and the optional JACK-A-TACK wager.
2. The dealer will deal blackjack according to house procedures.
3. After the player receives their first two cards, the dealer will settle all the JACK-A-TACK wagers according to the posted pay table. If the player has 2 One-Eyed Jacks, the dealer will wait to settle the JACK-A-TACK wager until their hole card is revealed and their first two cards are exposed.
4. If players do not have a total of 20 in their first two cards, the JACK-A-TACK wager loses.
