

VEGA\$ 3 is a three-card poker game whereby the Players and Dealer get an extra card to make the best three card poker hand.

Ante wager is mandatory to begin play and will pay even money if won, lose if lost, and push if the Dealer doesn't qualify.

After you receive your three cards you can choose to bet 2x your ante or check. After you see the community card, if you haven't already wagered on the Play bet, you may either bet 1x your ante or fold.

Vega\$ 3 Bonus is an optional wager that pays odds based on the three hole cards.

Vega\$ 4 Bonus is an optional 4 card stud wager that pays odds based on the best four-card hand using the three hold cards and the 4th community card.
